

Share your feedback ...

What is Local First Inclusion (LFI)?

LFI is a six-year Norfolk County Council special educational needs and/or disabilities (SEND) improvement programme focused on improving educational support for children and young people and their families and providing earlier help.

It's time to have your say!

We are passionate about engaging with families to better understand what we can do to help schools be as welcome, safe and inclusive as possible for your children. We also are keen to know what you think would make your child as excited and engaged with their learning as possible.

How can you have your say?

We know how busy you are and have flexible options to help everyone be involved:

Help! I've only got 5 minutes! – Complete our short online survey [here](#).

I'd like to tell you a bit more - Email us using the contact details below.

Join us, the SENDIASS team, and other families of children with SEND for **a conversation over virtual coffee and cake** via Microsoft TEAMS.

Apologies we can't bring you cake and make your cuppa/ coffee, but we can bring the conversation! Don't worry if you can't join the full session, you're welcome to drop-in on the conversation at any time.

All responses will be kept fully anonymised. Where permission is provided, anonymised quotes maybe used to help communicate the voice of children and their families.

Thank you

However you choose to share your ideas with us, we are incredibly appreciative and will value all you ideas on helping to make sure all our Norfolk children and young people can flourish! We can't wait to hear from you!

Virtual Coffee & Cake Sessions

There is no need to sign up in advance, just click on the links below to get into the online meeting.

Wednesday 12th July, 10:30-11:30am
